

## Total Info Software—Exactly What You Need—At a Price You Can Afford

We designed Total Info to meet all of your fundraising needs. We also focused on how we can make you and your staff more productive so that you can achieve better results in less time and with less effort. For example, Total Info saves you time with powerful, automated acknowledgement and tribute notification letters that can be batch printed with their mailing labels or envelopes with the touch of a button.

We also make life a lot easier for your organization because Total Info is a fully integrated CRM software solution that offers you:

- Volunteer management
- Membership management
- Campaign management
- Grant management
- Integrated email marketing
- Direct-mail management
- Box Office/Ticketing
- Class and camp registration
- After-school program management
- And much more!

Total Info is designed for a wide range of agency types, from art organizations to zoos, with unique features that you won't find anywhere else. No longer do you need to run multiple systems with your data residing in duplicate databases. Finally, you

can get a complete picture of your donor's/patron's entire involvement with your agency—including their children's involvement. And Total Info ships complete with all functionality and no extra charges for modules or extra users. Simply turn off the features that you don't use.

Not only is our software different, but our company philosophy is different. We are completely customer-focused. We go the extra mile, providing outstanding support, by people who understand your needs.

Our focus is on how we can help you achieve your goals. We also take special care converting your data because we know that the best way to begin using a new software solution is to successfully convert all of your existing data—no matter how many different systems you are currently using.

If you are looking for software for your business, take a look at Total Info by Easy-Ware. You and your budget will be glad you did.
